

ACO. creating
the future of drainage

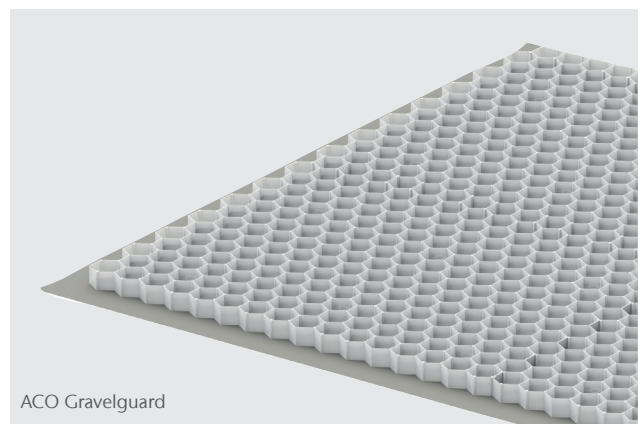

ACO GravelGuard

ACO GravelGuard stabilises gravel for pedestrian and vehicle access making the system ideal for driveways, paths, public areas such as parks and roof surfaces.

The incorporated geo-textile helps to reduce weed growth and speed up installation. Correctly installed, ACO GravelGuard is suitable for loads up to 300 t/m², and gradients up to 10%.

Benefits

- Ideal for pedestrians and vehicle access
- Unimpeded flow to surface water
- A robust system, yet lightweight product design
- Suitable for easy mobility of prams or wheelchairs
- Large tile size speeds up installations

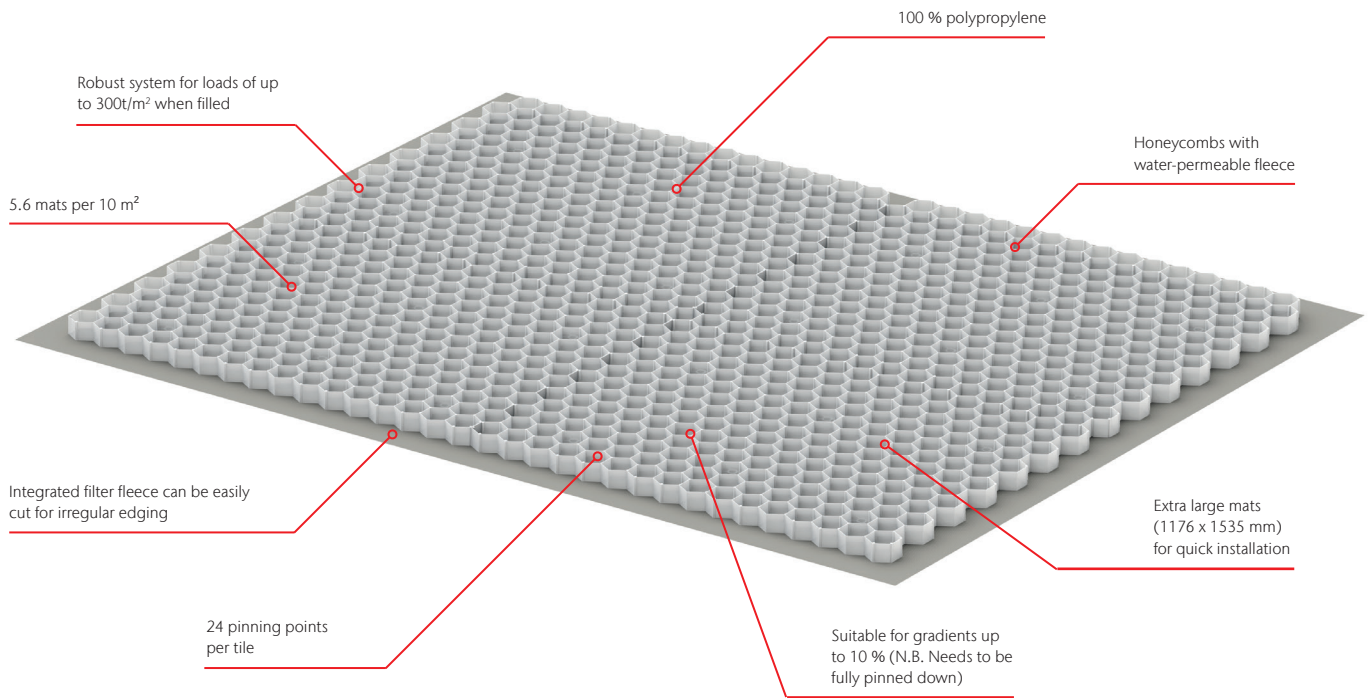

ACO Gravelguard

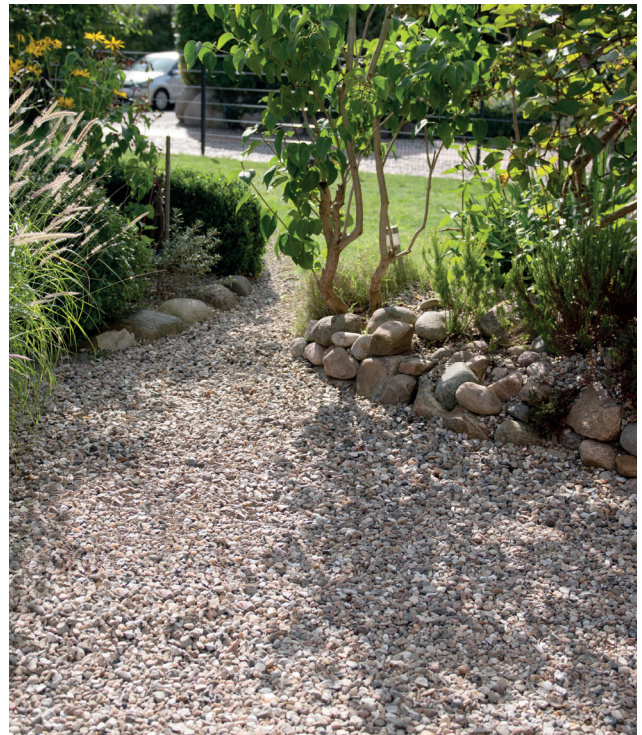

Applications

- Garden paths and terraces
- Public landscape design e.g. parks
- Courtyard areas, parking spaces, shed bases, access roads and driveways
