EZ SPOUTS

This range of modern, minimalistic and highly practical removable spouts are designed for the most demanding healthcare environments. The spout quickly and easily removes for servicing, ensuring minimal disruption. With a 316 Stainless Steel solid body, smooth flow channels and easy to clean shape, the DVS EZ Spout maintains high levels of hygiene to reduce cross contamination. The twist and lock mechanism ensures quick and easy removal of all DVS EZ spouts from the mounting spigot for efficient, disruption-free cleaning and maintenance. Available in gold, rose gold and black PVD coating.

AT10-020	208.0667.348	EZ-90 tap - Black
AT10-021	208.0667.349	EZ-90 tap - Rose Gold
AT10-022	208.0667.350	EZ-90 tap - Gold
AT10-023	208.0667.351	EZ-60 tap - Black

AT10-025	208.0667.353	EZ-60 tap - Gold
AT10-026	208.0667.354	EZ-HC 90 tap - Black
AT10-027	208.0667.355	EZ-HC 90 tap - Rose Gold
AT10-028	208.0667.356	EZ-HC 90 tap - Gold

STAINLESS STYLE

Matching flush valves and accessories

PROGRAMMABLE SENSORS

Controlling the washroom has never been easier with the range of programmable sensors designed for use with taps, urinals, WCs and showers. The sensors are fully programmable when used in conjunction with DVS station kits and have the capability to perform hygiene purges, lockouts, set run on times and more. Available in gold, rose gold and black PVD coating to add a touch of style to any washroom.

AT10-030	208.0667.357	Programmable tap sensor - Black
AT10-031	208.0667.358	Programmable tap sensor - Rose Gold
AT10-032	208.0667.359	Programmable tap sensor - Gold
AT10-033	210.0667.381	Programmable Shower Sensor - Black
AT10-034	210.0667.382	Programmable Shower Sensor - Rose Gold
AT10-035	210.0667.383	Programmable Shower Sensor - Gold
AT10-036	205.0667.384	Programmable Urinal Sensor with 3 metre cable - Black
AT10-037	205.0667.385	Programmable Urinal Sensor with 3 metre cable - Rose gold
AT10-038	205.0667.386	Programmable Urinal Sensor with 3 metre cable - Gold
AT10-039	205.0667.367	Programmable WC Sensor - Black
AT10-040	205.0667.368	Programmable WC Sensor - Rose Gold
AT10-041	205.0667.369	Programmable WC Sensor - Gold

The range is supplied with a brushed finish as standard, if you required a polished finish please contact sales@dartvalley.co.uk.

EXOS ELECTRONIC TOUCH-FREE SOAP DISPENSER

Touch free soap dispenser for wall mounting, stainless steel with satin finish, black safety glass front panel, casing with InoxPlus surface refinement for the reduction of finger marks. Designed with infrared sensor activity for non-touch operation, LED display shows battery status, requires 4 pieces 1.5 V AA batteries, suitable for liquid soap and lotions.

EXOS625B 201.0000.042

EXOS PAPER TOWEL DISPENSER

Manual paper towel dispenser for wall mounting, stainless steel with satin finish, black safety glass front panel, casing with InoxPlus surface refinement for the reduction of finger marks. Max. roll width 205 mm, max. roll diameter 200 mm, paper perforation length 260 mm, adjustable paper roll holder for optimised paper dispensing.

EXOS637B 201.0000.045

EXOS WASTE BIN

Waste bin for wall mounting, stainless steel with satin finish, black safety glass front panel, casing with InoxPlus surface refinement for the reduction of finger. Capacity approximate 30 litres, integrated bag holder.

EXOS605B 201.0000.033

PROGRAMMABLE

Options include adjustable run-on times, sensor range, hygiene purges and more.

COMPATIBLE

Programmable sensors are compatible with all DVS electronic taps, showers, WCs and urinals ranges.

COLOURFUL

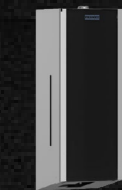

The sensors have been designed to match the range of colourful taps. Available in gold, rose gold and black with a brushed finish. The traditional stainless colour is also available.

EFFICIENT

Real time data captured from the intelligent sensors can be uploaded using the DVS branded hand held programmer via the USB port. Allowing accurate monitoring of water efficiency.

HYGIENIC

The sensors promote excellent hygiene in any washroom environment and are completely touch-free. A simple hand wave motion will activate the sensor.
