CAUTION:

Fastview is a product from Centremaps Limited. We and our partners / agents accept no liability of any kind for the accuracy, currency or completeness of the information provided on this plan. This plan is a compiled cartographical representation of information received from numerous mapping sources of varying scales, quality and resolutions. The source utility companies do not guarantee the correctness of the data provided. Only use this plan in conjunction with the compiled responses which include further detail, legends, notes and warnings. It is critical that the location of any utility services and apparatus is confirmed on site prior to any excavation work.
