Tables

RailRoad Tables.

It's slick minimalist design and durable frame makes our tables a popular choice for picnic set-ups and parks

We designed RailRoad tables to complement the rest of the range and provide a complete solution to outdoor seating and casual dining.

Characterised by beautifully carved Iroko timber tops, our RailRoad tables are fixed to tough steel supports with 3 signature options: Loop, Delta and Edge. Use it as a standalone table or pair it up with other standard products in the range for the full RailRoad experience.

Integrate tables with standard RailRoad benches

We offer our RailRoad tables at the length of 1950mm with two width options at (825mm and 930mm). A generous amount of space, you can comfortably accommodate 3 people on each side, or 4 people at a slight squeeze.

At this length, the tables integrate seamlessly with all standard RailRoad seating options from the family. So you can pair tables with the standard benches, with or without backs, and also the Lite bench versions.

Why Furnitubes.

- **Made in the UK**
our factory is based in Kent, so expect faster leadtimes and no supply chain delays
- **Easy to maintain + low labour costs**
we make sure that fixing points are easily accessible so slats and brackets can be changed easily when damaged
- **Modular solutions**
our ranges are modular and customisable, seating and planters can be easily combined, be creative without blowing the budget
- **Our approach**
we take a considered approach to design, it's not just about the end product. We take everything in the process into consideration, we are collaborative and we are committed to producing products that improve our environment & keep people safe.

Our Process.

- **Get in touch** – it's as simple as that, give us a call or drop us an email, we're happy to help whatever the medium!
- **Collaborate** – Depending on your needs, you might not actually need us at this stage, that's the beauty of our modular ranges – they're designed with you in mind, so you can specify with ease. Nevertheless, we are here for you if you do – our design team are always on hand to discuss the nitty gritty of your project.
- **Specification** – This is where our team of experts take the wheel and help you with sketches, CADs and more to help you specify our products as easily as possible.
- **Production + delivery** – all of our products are designed and manufactured in the UK allowing us to give you shorter lead times. With a dedicated project manager keeping you in the loop, you can trust everything is in hand.
