

**DESCRIPTION**

Johnstone's Trade Acid Etch Solution is a pre-treatment for concrete surfaces which improves adhesion prior to painting with the appropriate floor coating. It removes lime from the surface and etches Power Floated or very smooth concrete. Not suitable for use on case hardened concrete.

**RECOMMENDED USES**

Removes excess lime from the surface and etches power floated or very smooth concrete. Do not use on case hardened concrete.

**SPECIAL PROPERTIES**

Etches surfaces to improve adhesion of floor coatings.

**COLOUR RANGE**

Not applicable.

**FINISH**

Not applicable.

**VOLUME SOLID**

Not applicable.

**COVERAGE**

Johnstone's Trade Acid Etch Solution will treat approximately 20 square metres per litre.

**FILM THICKNESS**

Wet: not applicable, Dry: not applicable.

**DRYING TIME**

Not applicable.

**TRANSPORTATION & STORAGE**

To avoid the risk of spillage, always store and transport in a secure upright position.

**THINNER**

Not applicable.

**VOC CONTENT**

Not applicable.

**PREPARATION**

The concrete surface should be clean and degreased before application using detergent wash or steam cleaning and rinsed with fresh water before application of Johnstone's Trade Acid Etch Solution. For more information and free Johnstone's Trade datasheets call 01924 354354 or visit [www.johnstonestrade.com](http://www.johnstonestrade.com)

**APPLICATION**

Apply evenly by soft brush and allow time to react. Two or more applications may be necessary depending on the amount of laitance present. After the reaction has taken place, the surface should be rinsed with water to remove loose particles and all soluble materials, until the washings are acid free as shown by a suitable indicator paper, and allowed to dry before priming.

**CLEANING**

Remove as much product as possible from application equipment before cleaning. Replace lid firmly. Clean all equipment immediately after use with plenty of clean water. Some local authorities have special facilities for the disposal of waste coatings. Do not empty product into drains or watercourses.

**PRECAUTIONS**

- Keep out of reach of children
- Avoid contact with skin and eyes
- Do not ingest
- If medical advice is needed have container or label to hand
- Please refer to Product Label & Safety Data Sheet (SDS) for hazard warnings and information on safe handling/use/transport/storage/disposal/emergency
- SDS available : [www.johnstonestrade.com](http://www.johnstonestrade.com) or call 01924 354354

**SIZE**

5 Litre
