## KarEbinR™ 20 Year Product Warranty

10 years full replacement value. Beyond 10 years this guarantee will be based on a 10% sliding scale for replacement of material (i.e. 11 years 90%, 12 years 80% etc)

All claims made under this product guarantee will require a full investigation by Enviraclad Limited

Enviraclad Limited's liability will only cover the supply of free issue material sufficient to replace materials that are found to be defective

All purchases of Enviraclad Limited products are subject to the Terms and Conditions of Sale of Enviraclad Limited as amended by the terms of this guarantee.

Nothing in this guarantee affects your statutory rights as a customer.

Enviraclad Limited guarantees that, in the event of an any product listed on the front page of this document requiring replacement due to a defect in the product within twenty years from the date of application, replacement material for the defective product will be supplied free of charge\* provided that:

- The materials have been fitted and maintained according to specification and the relevant Enviraclad Limited product data sheet
- The materials have been subjected to only normal wear and no physical or chemical abuse and
- The registration form has been returned / submitted to Enviraclad Limited fully completed within three months of installation
- This guarantee does not extend to colour change due to excessive exposure to UV light, marking from burning agents, staining of the surface of the material or failure of or damage to the material due to circumstances beyond the control of Enviraclad Limited, including failure due to excessive moisture, structural movement or substrate deterioration of the wall and spillages of chemicals to which Envirawall™ has no or limited resistance.
