

## Certificate P-2926/07 (English Issue)

(valid only in association with the terms overleaf)

Holder of the certificate: GEZE GmbH  
Reinhold-Vöster-Straße 21-29, 71229 Leonberg

Site of Manufacture: GEZE GmbH  
Reinhold-Vöster-Straße 21-29, 71229 Leonberg

Type Approval Mark:

valid until  
**2012-12-31**

Product: Automatic in-line sliding door  
Model: Powerdrive

Testing based  
on the following:

- DIN 18650-1/2: 2005-12  
Locks and metal fittings - automatic door systems
- BGR 232: 2003  
Guideline for power-operated windows, doors and gates
- DIN EN 60 335-1: 2007-02  
Safety of electrical equipment intended for domestic and similar use  
Part 1: General requirements
- DIN EN 60 950-1: 2006-11  
Safety of information technology equipment

All standards, regulations or guidelines named in the above-mentioned basic documents must also be considered valid.

### Result of testing:

The result of the type approval test showed, that the requirements made at the testing bases are met by the product as a whole, provided that there is compliance with the terms laid down at the Type Approval Certificate.

Permission is hereby given to use the Test Mark illustrated above, in accordance with the contractual terms printed overleaf.

## Terms

For the use of the mark as illustrated [TÜV Thüringen / *TYPE APPROVED*]

This certificate is valid exclusively for the company named overleaf and the manufacturing site stated. Only the Test Centre is authorised to extend the approval to third parties.

The permission to use the illustrated mark applies only to such products which correspond to the approved type tested by the Test Centre and detailed overleaf.

All products for which the mark is used must bear the company's sign (sign of origin) in the form registered with the Test Centre. The TÜV mark and the company's sign must always be applied together to or in the same parts of the product, and if at all possible in the same manner and so as to be long-lasting and easily read.

The holder of the certificate is obliged to monitor the manufacture of the products granted the mark continuously to ensure they match the TÜV testing regulations, and in particular to carry out the inspections laid down in the testing regulations or ordered by the Test Centre according to the rules.

Furthermore, he/she is obliged to permit the necessary inspections and audits by the Test Centre for controlling the manufacture and the correct use of the mark.

In addition to the above terms, all the other terms and regulations apply for the certification which are specified in the General Agreement with TÜV Thüringen on the issue of certificates and the use of test marks. The certificate and permission is valid for as long as the regulations are in force upon which the test was based, unless there is prior withdrawal under the General Agreement.

This test certificate has to be returned to the Test Centre if it is terminated or loses its validity for any other reason mentioned in the said General Agreement. TÜV Thüringen (Association for Technical Inspection)
