

HELO CASE STUDY - DORCHESTER HOTEL : LONDON

CLIENT: Dorchester Hotel
SITE: London
PROJECT: Dorchester Spa

The Dorchester

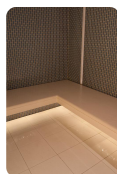

Helo is delighted to announce the completion of two professional steam rooms at the Dorchester Hotel Spa, London

Helo was extremely proud to be chosen to design and build, probably the most beautiful steam rooms in the country at the recently refurbished prestigious Dorchester Hotel in London's Park Lane.

GENUINE SAUNA & STEAM

DORCHESTER SPA: LONDON

Stunning high vaulted ceilings are a distinctive architectural feature of this truly fabulous spa area. Both steam rooms take advantage of this, creating a luxurious and spacious area for relaxation. Tiled in beautiful 'brick' layered glass mosaics, one is cool contemporary white and the other delicate hues of pale blue. Stylish under-lit floating white quartzite benches feature in both, creating a serene and truly spectacular look fitting for this five star facility.
