

IMPERIAL HOUSE | NEWPORT

Striking wood decors available in Polyrey's Origine and Origine Premier collections now adorn the washrooms of a leading on-line insurance provider at Imperial House, Newport.

The 2,400m² corporate headquarters of Gocompare.com in Newport, South Wales, has had its washrooms transformed with stunning wood-effect HPL decors from leading manufacturer Polyrey.

Specified by Paramount Office Interiors Ltd, based in Cardiff, and featuring on cubicle partitions, cubicle

doors, IPS panels and vanity units, the natural tone of Banian Blanchi and near-black of Banian Noirci contrast each other. Adding texture to the space through their wood-look decor and juxtaposing with the ceramic white and stainless steel of washroom fixtures, the HPL decors add a calming natural influence to the space.

Kath Denton, operations director, Gocompare.com comments: "Not only do the washrooms look great with the wood effect of the decors softening an otherwise harsh environment, the surfaces are also proving to be durable and really easy to maintain."

maintenance finish for surfaces, doors, walls and panels.

Available in the raised grain of EPIMAT and EXTRAMAT both decors are available in the Origine and Origine Premier collections.

When selected from the Origine

"Not only do the washrooms look great with the wood effect of the decors softening an otherwise harsh environment, the surfaces are also proving to be durable and really easy to maintain..."

Suitable for both horizontal and vertical installation, Banian Blanci and Banian Noirci were specified on postformable 0.8mm thick HPL that provides excellent impact and scratch resistance on a durable and low

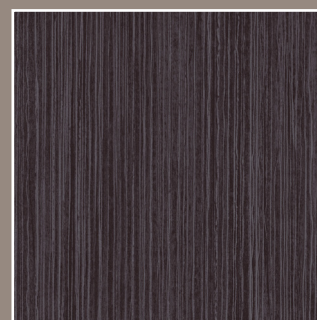

Premier collection, specifiers can also take advantage of the stunning new LEGNO finish where alternating strands of matt and gloss together with a slightly embossed structure emphasise the graining of the décor.

The washrooms at Imperial House achieve a natural looking aesthetic with designs from the wood inspired Origine décor collection
