

Orbit Whirlpools have a standard

Our entire whirlpool systems can be pre fitted to the bath of your choice included within this price is the bath, and leg set including wall-fixing brackets. All whirlpool components come in a chrome finish and are pneumatically operated unless other wise stipulated, they also come complete with a child safety suction filter, 1/2 HP pump and directional jets.

6 Jet System

At an affordable price it comes with the above as standard plus, pneumatically operated on/off button and a separate air controller to adjust the whirlpools air turbulence, internal suction safety filter, three jets down each side.

8 Jet System

Pneumatically operated on/off button and a separate air controller to adjust the whirlpools air turbulence, internal suction safety filter, 4 large fully adjustable hydro jets with flow control, 2 down each side, 5 micro jets on the back rest and 2 micro jets at your feet all fully directional.

11 Jet System

11-jet hydro system provides a great all over body massage. The system comes standard with powerful 1 HP pump pre fitted to the bath, pneumatically operated on/off button and a separate air controller to adjust the whirlpools air turbulence, internal suction safety filter, 4 large fully adjustable hydro jets with flow control, 2 down each side, 5 micro jets on the back rest and 2 micro jets at your feet all fully directional.

14 Jet System

The system comes standard with a powerful 1 HP pump pre fitted to the bath, pneumatically operated on/off button and a separate air controller to adjust the whirlpools air turbulence, internal suction safety filter, 6 large fully adjustable hydro jets with flow control, 3 down each side, 4 micro jets on the back rest and 4 micro jets at your feet all fully directional.

Eclipse whirlpool system

The ultimate system on the market with 14-jet hydro system provides a great all over body massage. Fitted with a powerful 1 HP pump pre fitted to the bath, 6 large fully adjustable hydro jets with flow control, 3 down each side, 4 micro jets on the back rest and 4 micro jets at your feet all fully directional, 10 solid brass air jets in the base, this system is fully electronically controlled, a powerful underwater LED light and bath pop up waste. This system has a run dry protection fitted to the pump as standard and the powerful 560 Watt blower has a built in 250 watt heater and self purge system that cleans out the pipe work when the system has emptied.

Bespoke

We pride ourselves in providing the service you are looking for, so if the system you are looking for is not in our brochure please give us a call, as we have many more system and optional extras that might be what you are looking for. Bespoke systems also available, please call for a quote.

Optional Extras

We offer a wide range of extras from bath panels to waste systems to in-line heater, under water lights, head rests, whirlpool cleaner, taps and filters and after care service. Please check out our accessories page.

Eclipse Whirlpool System

The ultimate system on the market with 14-jet hydro system provides a great all over body massage. Fitted with a powerful 1 HP pump pre fitted to the bath, 6 large fully adjustable hydro jets with flow control, 3 down each side, 4 micro jets on the back rest and 4 micro jets at your feet all fully directional, 10 solid brass air jets in the base, this system is fully electronically controlled, a powerful underwater LED light and bath pop up waste. This system has a run dry protection fitted to the pump as standard and the powerful 560 Watt blower has a built in 250 watt heater and self purge system that cleans out the pipe work when the system has emptied.

14 Jet Turbo Upgrade

Turbo is the most powerful system on the market, not only do you get the 14 jet system as standard with the upgrade of full electronics and run dry protection, but at the push of a button the system can be turned into three times as powerful when the 560 watt air blower is activated it blows immense power through the whirlpool jets creating massive water movement within the bath, the system also comes with a 250 watt heater inside the blower and a self clean cycle after use.

Blue Ray Upgrade

The Blue Ray System is an optional upgrade. This system has a single 22 mm electronic operation button; the design of the button is smooth and minimalist. A circle of LED Blue light is visible when the system is activated giving a very modern feel to this advanced system. This system comes with a three function speed blower (push one is first speed, push two is second speed, push three is third speed and push four is off) all this from the same LED button. The Blue Ray system comes with a self-clean purge, allowing the pipes to be left clean and dry by the system.
